

COURSE PLAN

UPES/Course Plan/Ver 11/ Effective July 2026

School of Law

Name of the Faculty	Dr. Shruti Dasgupta
Designation	Assistant Professor (Selection Grade)
Cluster	Law & Social Science
Program	B.A./ BBA/ B.COM LL.B. (Hons.)
Course	Environment Studies and Law
Course Code	CLCL 3036
No. of Credits	4
Semester	V
Session	July – December 2026
Academic Year	2026 – 2027

□

Signature of Faculty Member

Name: Dr. Shruti Dasgupta

Designation: Assistant Professor (SG)

Date: _____

COURSE PLAN Signature of Cluster Head

Name: Dr. Parth Sharma

Designation: Sr. Associate Professor

Date: _____

The Expected Program Outcome are:

BA LLB

PO1	Students will demonstrate conceptual knowledge in the core areas of law.
PO2	Students will effectively apply their learnings to practical legal issues.
PO3	Students will be able to exhibit effective legal professional skills, employing oral and written communication, legal research, analysis, rationalization and critical thinking.
PO4	Students will demonstrate ability to evolve alternative solutions from dynamic socio-economic and techno-legal perspectives.
PO5	Students will demonstrate desirable qualities to be employable in the relevant market.
PO6	Students will show sensitivity towards ethical, moral and social issues arising in their professional career.
PO7	Students will exhibit commitment, teambuilding, networking, leadership and

lifelong learning skills to excel in legal world.

BBA LLB

PO1	Students will demonstrate conceptual knowledge as well as skills in business administration, leadership and management in the context of global industrial best practices that are inclusive, gender neutral and sustainable.
PO2	Students will effectively apply their legal acumen to practical situations in local and global socio-legal challenges in the business domain.
PO3	Students will be able to exhibit legal competence, employing effective communication, cognitive thinking, IT centric legal research, analysis, rationalization and critical reasoning.
PO4	Students will demonstrate the ability to curate alternative solutions and dispute resolution from dynamic socio-economic and techno-legal perspectives in the business ecosystem.
PO5	Students will demonstrate qualities to be employable in the relevant market.
PO6	Students will be able to apply professional ethics, best practices and show sensitivity towards ethical, moral and social issues arising in their career.
PO7	Students will exhibit commitment, teambuilding, networking, leadership and lifelong learning skills to excel in fast-evolving legal world.

B.COM LLB

PO1	Students will demonstrate conceptual knowledge as well as skills in business and commerce in the context of global industrial best practices that are inclusive, gender-neutral and sustainable.
PO2	Students will effectively apply their legal acumen to practical situations in local and global socio-legal challenges in commercial transactions.
PO3	Students will be able to exhibit legal competence, employing effective communication, cognitive thinking, IT centric legal research, analysis, rationalization and critical reasoning.
PO4	Students will demonstrate the ability to curate alternative solutions and dispute resolution from dynamic socio-economic and techno-legal perspectives in the business and commerce ecosystem.
PO5	Students will demonstrate qualities to be employable in the relevant market.
PO6	Students will be able to apply professional ethics, best practices and show sensitivity towards ethical, moral and social issues arising in their career.
PO7	Students will exhibit commitment, teambuilding, networking, leadership and lifelong learning skills to excel in fast evolving legal world.

B. The expected Course Outcomes are:

CO 1 Students will be able to **explain** the basic principles, concepts, and doctrines governing the environmental laws.

Students will be able to **apply** the principles relating to the environmental law in

CO 2 various real-life cases and legal disputes.

CO 3 Students will be able to **analyze** the applicable legal regime specifically legislated for environmental protection in India.

CO 4 Students will be able to **evaluate** the structure, function and jurisprudence of courts and tribunals in India on environmental matters.

C. CO-PO Relationship Matrix:

Indicate the relationships by 1- Slight (low) 2- Moderate (Medium) 3-Substantial (high)

Program Outcomes	PO1	PO2	PO3	PO4	PO5	PO6	PO7
Course Outcomes							
CO 1	3	1	2	1	2	2	1
CO 2	2	1	2	2	3	1	1
CO 3	3	2	3	2	3	2	1
CO 4	2	3	3	3	3	1	2
Average	2.5	1.75	2.5	2	2.75	1.5	1.25

Course Outcomes Assessment Plan:

a) Mapping of Course Outcomes with Assessment Tools:

Components	AI enabled Assignment	AI enabled Assignment	Video Creation 20 Marks	Presentation and Viva Voce 30 Marks	Mid Sem	End Sem
	Case Analysis 25 Marks	Article/ Movie Review 25 Marks			100 Marks	100 Marks
CO 1	✓			✓	✓	✓
CO 2				✓	✓	✓
CO 3	✓	✓	✓	✓	✓	✓
CO 4		✓	✓		✓	✓

RUBRICS FOR INTERNAL ASSESSMENT

S. No	Component	Marks (100)	Rubrics
1.	AI enabled Assignment Case Analysis	25	Identification of Facts and Legal Issues (4 Marks) • Application of Environmental Laws and Principles (5 Marks) • Critical Analysis and Reasoning (5 Marks) • Use of Authorities (Statutes, Cases & Literature) (3 Marks) • Structure, Writing, Citation and Presentation (3 Marks) Word Limit: 1,500–2,000 words (excluding footnotes) Date of Allocation: 12 August 2026 (Wednesday)

			Date of Submission: 14 September 2026 (Monday)
2.	AI enabled Assignment Article/Movie Review	25	• Identification of Facts • Application of Environmental Laws • Critical Legal Analysis • Use of data and evidence from article/film • Structure, Writing & Citation • Originality & Independent Thought Word Limit: 2500 – 3000 words (excluding footnotes) Date of Allocation: 5 th August 2026 Date of Submission: 31 st August 2026
3.	Video Creation	20	Relevance to the Assigned Topic (4 Marks) • Accuracy of Legal Content (5 Marks) • Creativity and Originality (4 Marks) • Clarity of Communication and Presentation (4 Marks) • Technical Quality (Audio/Video, Editing, Time Management) (3 Marks) Time Limit: 3–5 minutes Date of Allocation: 30 September 2026 (Wednesday) Date of Submission: 30 October 2026 (Friday)
4.	Presentation and Viva Voce	30	Subject Knowledge and Understanding (5 Marks) • Content Organization and Logical Flow (4 Marks) • Critical Analysis and Legal Interpretation (4 Marks) • Communication Skills and Delivery (4 Marks) • Response to Questions and Time Management (3 Marks) Date of Presentation and Viva Voce: 11 November 2026 (Wednesday) For the Viva Voce- 3 to 5 questions to assess the knowledge of the student on the pre-decided topics.
	Course Outcomes		

Detailed Rubric for AI enabled Assignment Article/Movie Review

Learning Outcome	Criteria for scores between 35% and 49% Needs Improvement	Criteria for scores between 50% and 64% Satisfactory	Criteria for scores between 65% and 84% Good	Criteria for scores between 84% and Above Excellent
Identification of Environmental Laws/issues & solutions	Fails to identify Real relevant environmental & issues.	Identifies some issues but misses important ones.	Identifies most relevant issues.	Accurately identifies all major environmental issues arising in the article/ film.
Application of Environmental laws -	Minimal incorrect application of Environmental provisions.	or Limited application; statutory references of incomplete.	Applies relevant provisions with minor errors.	Correctly applies relevant environmental provisions with precise statutory references and interpretation.
Critical Legal Analysis -	Mere summary of the movie.	Mostly descriptive with limited analysis.	Good analysis with some critical evaluation.	Demonstrates deep legal reasoning; evaluates environmental issues
Structure, Writing & Citation	Poor organization and citation practices.	Several writing/citation errors.	Minor organizational or citation issues.	Well-organized, coherent, professional writing with proper citation

Originality & Independent Thought	Entirely descriptive or derivative.	Limited originality.	Some observations.	original	format. Presents innovative insights and independent legal opinions.
-----------------------------------	-------------------------------------	----------------------	--------------------	----------	--

Detailed Rubric for AI enabled Assignment Case Analysis

Learning Outcome	Criteria for scores between 35% and 49% Needs Improvement	Criteria for scores between 50% and 64% Satisfactory	Criteria for scores between 65% and 84% Good	Criteria for scores between 84% and 100% Above Excellent
Identification of environmental challenges	Fails to identify key environmental issues	Identifies some environmental issues but overlooks significant items.	Identifies most relevant environmental issues	Accurately identifies all relevant environmental issues and challenges
Application of environmental issues	Incorrect or inadequate application.	Basic application with limited statutory support.	Mostly accurate with relevant provisions and minor errors.	Correctly applies statutory provisions with precise legal reasoning and section references.
Analysis of environmental issues	Mere description without legal analysis.	Limited discussion of environmental issues.	Good analysis with some critical engagement.	Critically evaluates environmental issues & challenges
Report Structure, Legal Writing and Citation	Poorly organized and difficult to follow.	Adequate structure but lacks polish.	Well-organized with minor errors.	Exceptionally organized, concise, professional, and properly cited.
Originality and Investigative Reasoning	Purely descriptive work.	Limited originality.	Some independent analysis.	Demonstrates independent thinking and develops plausible evidentiary theories.

F. Course Syllabus Template:

Unit Number

Content

Unit I INTRODUCTION TO ENVIRONMENTAL LAW

Relationship between Human and the Environment, Nature, Scope and Importance of Environmental Law; Law as a Tool for Environmental Protection, Multidisciplinary Nature of Environmental Studies, Socio-environmental Jurisprudence, Historical Development of Environmental Law in India.

Unit II ENVIRONMENTAL PHILOSOPHY, JURISPRUDENCE AND JUSTICE

Human Rights and Environment, Basic Principles of Environmental Law, Polluter Pays Principle, Public Trust Doctrine, Sustainable Development, Inter-generational Equity, Precautionary Principle.

Unit III DEVELOPMENT OF ENVIRONMENTAL LAW

Stockholm Conference – Aims and Objectives of the Conference, Stockholm Declaration, 1972, World Charter for Nature, 1982, WCED – The Brundtland Commission, Brundtland Report, 1987, UNCED (Earth Summit) – Aims and Objectives of the Conference, Rio Declaration, 1992, Agenda 21, UNFCCC, Statement of Forest Principles, Earth Summit Plus Five, Kyoto Protocol, 1997, Sustainable Development Goals (SDGs), Global Warming and Climate Change, Paris Agreement on Climate Change, 2015, Recent Developments.

Unit IV LEGAL FRAMEWORK FOR PROTECTION OF ENVIRONMENT IN INDIA

Constitutional Framework regarding Environmental Protection in India – Articles 21, 48A, 51A(g), 32 and 226, Tort of Nuisance (Public and Private), Tort of Negligence, Strict Liability and Absolute Liability, Provisions under the Bharatiya Nyaya Sanhita (BNS) and the Bharatiya Nagarik Suraksha Sanhita (BNSS).

Unit V LEGISLATIONS RELATING TO ENVIRONMENTAL PROTECTION & POLLUTION

The Water (Prevention and Control of Pollution) Act, 1974 – Framework of the Act, Regulatory Mechanism under the Water Act – Powers and Functions, Offences and Penalties, Role of Judiciary in Prevention of Water Pollution – An Appraisal, The Air (Prevention and Control of Pollution) Act, 1981 – Framework of the Act, Regulatory Mechanism under the Air Act – Powers and Functions, Offences and Penalties, Role of Judiciary in Prevention of Air Pollution – An Appraisal, The Environment (Protection) Act, 1986 – Main Aims and Objectives of the Act, Importance of Sections 3 and 5 of the Environment (Protection) Act, Violations and Penalties, EIA Notifications – An Appraisal, Secondary Legislation under the Environment (Protection) Act, Environmental Liability Insurance – The Public Liability Insurance Act and Rules, 1991.

Unit VI PROTECTION OF FOREST, WILDLIFE AND BIODIVERSITY

Evolution and Jurisprudence of Forest and Wildlife Laws, Statutory Framework on Forest, Wildlife and Biodiversity – Law and Regulatory Framework, Indian Forest Act, 1927 – Offences, Penalties and Regulatory Bodies, Forest (Conservation) Act, 1980, Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, The Wildlife (Protection) Act, 1972 – Relevant Provisions, Offences against Wildlife – Offences, Penalties and Regulatory Bodies, Biodiversity Conservation – Biological Diversity Act, 2002 and its Salient Features.

Unit VII JUDICIAL APPROACH TO ENVIRONMENTAL PROTECTION

Evolution of Environmental Law and Role of Public Interest Litigation, National Green Tribunal Act, 2010, Significant Interventions by the Supreme Court, High Courts and the National Green Tribunal in Recent Times.

Unit VIII TRADE AND ENVIRONMENT

Relationship between Trade and Environment, Role of the WTO and UNEP – An Analysis, Natural Resource Management and Trade.

SUGGESTIONS FOR FACULTY

- Faculty should keep track of the students with low attendance and counsel them regularly.
- The course coordinator will arrange to communicate the short attendance (as per UPES policy) cases to the students and their parents monthly.
- Topics covered in each class should be recorded in the table of RECORD OF CLASS TEACHING (Suggested Format).
- Internal assessment marks should be communicated to the students twice in a semester.
- The file will be audited by respective IQAC members for theory as well as for lab as per schedule.
- The faculty is required to maintain these files for a period of at least three years.
- This register should be handed over to the head of department, whenever the faculty member goes on long leave or leaves the Colleges/University.
- For labs, continuous evaluation format (break-up given in the guidelines for result preparation in the same file) should be followed.
- The department should monitor the actual execution of the components of continuous lab evaluation regularly.
- Instructors should maintain record of experiments conducted by the students in the lab weekly.
- Instructors should promote students for self-study and to make concept diary, due weightage in the internal should be given under faculty assessment for the same.
- Course outcome assessment: To assess the fulfilment of course outcomes two different approaches have been decided. Degree of fulfillment of course outcomes will be assessed in different ways through direct assessment and indirect assessment. In Direct Assessment, it is measured through quizzes, tests, assignments, Mid-term and/or End-term examinations. It is suggested that each examination is designed in such a way that it can address one or two outcomes (depending upon the course completion). Indirect assessment is done through the student survey which needs to be designed by the faculty (sample format is given below) and it should be conducted towards the end of course completion. The evaluation of the achievement of the Course Outcomes shall be done by analyzing the inputs received through Direct and Indirect Assessments and then corrective actions suggested for further improvement.
- At the completion of the course, course attainment and other documents should be shared with the program coordinator for computation of Program attainment.
- At the completion of the course Faculty members are suggested to share the innovative teaching techniques along with the course plan (format provided by IQAC).
- Faculties are encouraged to share the master/expert classes evidence (as per the event report format)
- Faculties are also encouraged to include MOOCs, SWAYAM any other online content and share the evidence of MOOCs courses /online courses referred (as per the event report format).
- Faculties are encouraged to share the evidence related to interventions or initiatives focusing the unique/slow and Fast Learners along with Course Completion files.

INDIRECT ASSESSMENT

Sample format for Indirect Assessment of Course outcomes:

NAME:
ENROLLMENT NO:
SAP ID:
COURSE:
PROGRAM:

Please rate the following aspects of course outcomes of-----.

Use the scale 1-3*

- CO1 Students will be able to **explain** the basic principles, concepts, and doctrines governing the environmental laws.
- CO2 Students will be able to **apply** the principles relating to the environmental law in various real-life cases and legal disputes.
- CO3 Students will be able to **analyze** the applicable legal regime specifically legislated for environmental protection in India.
- CO4 Students will be able to **evaluate** the structure, function and jurisprudence of courts and tribunals in India on environmental matters.
